Mr. Pat M. Holt, Chief of Staff
Senate Foreign Relations Committee
United States Senate
Washington, D.C. 20510

Dear Mr. Holt:

Please be advised that the Senate Select Committee to Study Government Operations with Respect to Intelligence Activities has requested the following:

"Complete text or notes relating to all briefings of Members of Congress or Congressional staff since 1954 on CIA activities in Laos. This should include formal testimony before Committees as well as briefings at CIA headquarters and in the field. Names of Agency and Congressional participants, and dates, should be supplied."

We have reached an understanding with the staff of the Senate Select Committee to provide them a list of dates and participants. They, in turn, will contact the appropriate committees of Congress for the material. Enclosed is our partial response to the Select Committee which concerns your committee. To assist you, we will be sending to you shortly our records or copies of materials relevant to the enclosed list.

Sincerely,

[Redacted Signature]
